

Meet your teacher

Your teacher next year will be Mrs Sumner.

Dear Year 3,

I'm looking forward to getting to know you all and making Year 3 fun and exciting, whilst challenging you to discover some of the fantastic topics we cover.

I am delighted I get to witness you all thrive at the start of your new key stage 2 journey. Working together to 'Reach for the Sky', we will have lots of opportunities to learn new skills whilst having fun along the way!

Have a wonderful, safe summer.

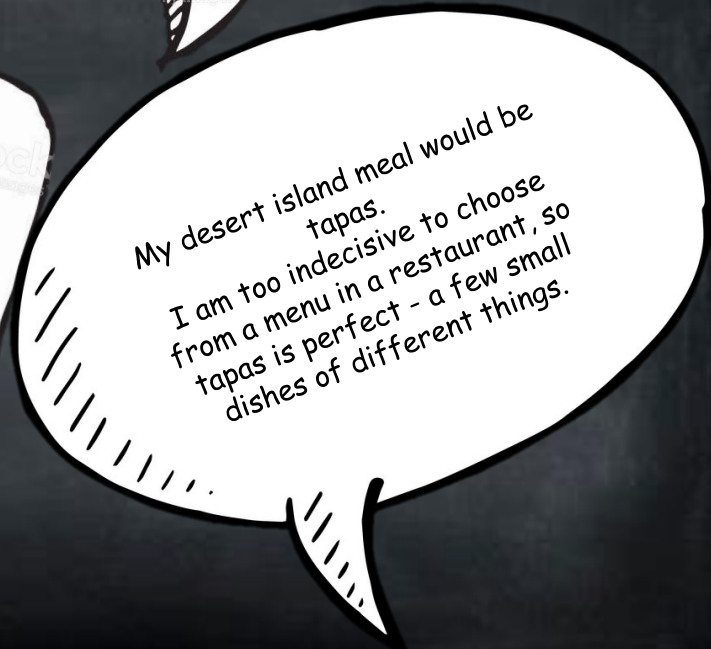

My favourite colour is dark green. Forest green reminds me of a chair I have in my lounge at home, that is perfect for when I sit and read all of your super work with a nice cup of tea.

My hobbies include gardening - we've grown our own strawberries, peas and tomatoes. I also enjoy cooking, D.I.Y and anything crafty. I recently made a large flower arrangement that included my favourite flowers - peonies and sunflowers.

My happy place is with my family. I have two children, Evie aged 12 and Ollie aged 8. We enjoy family holidays either in the U.K. or abroad, making memories. They particularly enjoy camping because they love toasting marshmallows around the fire.

My desert island meal would be tapas. I am too indecisive to choose from a menu in a restaurant, so tapas is perfect - a few small dishes of different things.
